LETTER

Hi,

I'd like to introduce you to **VNDNHGN**, one of the artists on the **Blackline Bookings** roster.

He's a Spanish DJ and producer working at the hard end of the spectrum: Schranz and Hard Techno. His sets swing between emotional, melodic Schranz and raw, industrial Hard Techno, with distorted kicks, dark atmospheres, evocative vocals and pure rave energy.

He's played Medusa Sunbeach Festival two years running and, before launching VNDNHGN as his main project, held a residency at Penélope Benidorm. In 2026 he stepped up as a producer too, with 18 original tracks out in the project's first months.

If VNDNHGN could be a fit for your club, festival or event, I'd love to talk it through. Just drop me a line whenever suits you.

All the best,

Arturo Jornet

01 — MY TAKE

TWO SIDES OF THE HARD SOUND, ONE RELENTLESS SET

VNDNHGN brings both sides of the hard scene into a single set: melodic, emotional Schranz and raw, uncompromising Hard Techno. He's got festival experience at Medusa Sunbeach and a club residency behind him, and in 2026 he's added a fast-growing catalogue of his own tracks. As I see it, the next step is the big Spanish festivals, major clubs and the international hard techno circuit, which is exactly where he's aiming.

WHY I'D BOOK HIM
